BORN IN KENTUCKY

Was Mother of Notorious James Boys of Missouri, Who Died Recently

Noting the recent death of the mother of the James boys, we are reminded that Mr. William White, an old and highly respected citizen of this county, but for many years a resident of Missouri, where he lived on a farm adjoining that of Mrs. James and knew the family intimately, spoke in the highest terms of her as neighbor and friend while here on a visit some years since. No more reliable man ever lived in the county of Mason than Mr. White. He was overseer for old Mr. Ezekiel Forman here for years. He died a few years ago in Missouri.

After the death of James, her first husband, the widow married a man by the name of Samuels. The widow was a native of Kentucky.

GREWSOME FIND

Headless and Dismembered Body of Man Found in Drift Pile at South Ripley

Another mysterious human tragedy was unearthed yesterday just above South Ripley Station, on the C. and O., when some boys, playing around a drift pile in the river at Moore's landing, discovered the horribly dismembered and decomposed remains of a human being, a man. The head, arms and the legs from the knees down, were missing and only the trunk, a mass of unsightly flesh, remained to tell the tale of another grim tragedy of murder, accident or suicide.

Coroner Slack of this city was notified and this morning he drove down to the scene to hold an inquest and endeavor to unravel the death of the mysterious unfortunate.

IN BAD

Caught Dead to Rights With the Goods on Him—Will Likely Go Over the Road

A man giving the name of Ike Lane registered at the Kentucky Hotel Saturday night and was assigned to a room occupied by a Mr. Deatley and Mr. J. M. Lloyd.

The latter two gentlemen had a considerable amount of money and to more safely secure it they placed their wealth under their pillow. Lloyd, however, left a \$40 gold watch in his vest pocket, hanging on a chair.

Lane came in later, about 10 o'clock, and went to bed, but like the Arab, in the still hour of the night he silently took his leave, and with him went Lloyd's gold watch—the money was safe because, even if he knew where it was hidden, he was afraid he might arouse the sleepers, else that would have accompanied the watch.

A description of Lane was given to Officer P. Ryan, who at once began a chase after his man, and soon struck his trail and arrested him as he was on his way to the C. and O. Depot. When taken in charge he protested his innocence, but on being searched two gold watches—ladies' watches—and a C. and O. ticket for Manchester, O., were found on his person. One of the watches contained the monogram J. M. L. engraved on the case.

He was taken before Judge John L. Whitaker, who held him in the sum of \$250 for appearance at examining trial today.

Piles make life unhappy and ruin the best disposition. Most sufferers have been bitterly disappointed by many failures to find a cure. Chaos and Savagery Mark Adjournment of Congress

The oldest officials at Washington say that the adjournment of the Sixty-first Congress Saturday was characterized by unprecedented disorder and violence and that chaos reigned in the ranks of both parties.

The day was made memorable by the failure of President Taft's Canadian Reciprocity Bill and the issuing at once of the President's proclamation calling the Sixty-second Congress to assemble in extra session on April 4th solely to act on this measure.

The Senate passed the Tariff Board Bill; the House turned it down. The House passed the Reciprocity Bill and the Senate turned that down, so the honors were even.

The climax came in the Senate when Joe Bailey, the able Senator from Texas, resigned his seat, piqued over the Populistic legislation favored by his conferees, but same being declined by the Vice-President and the Governor of Texas, Joe very quickly agreed to retain the Senatorship.

There were a tilt between Speaker Cannon and Congressman Johnson of Kentucky, and also a dramatic scene when "Uncle Joe" stepped down and out as Speaker of the House, after having served eight years as Speaker and thirty-six years in Congress.

There was all kinds of doings Saturday at Washington, and everybody is glad that a month will elapse until the fun begins, with Champ Clark as Speaker and the Democrats in complete control of the House.

Earl Gilvin, 19 years old, son of Robert Lee Gilvin, a farmer of near Sharpsburg, has been missing for some three weeks. He had been living with an aunt in Cincinnati and when last seen was in a pool room in that city. The proprietor of the place said he left there to come to Maysville. The boy's father is anxious to learn something of his whereabouts. He has light hair, blue eyes and a fair complexion, and has the two middle fingers and thumb missing from his right hand.

It is possible that the body buried at Newport as Paul Maurer may be the missing boy, as fool play has been suspected.

HIDDEN DANGERS

NATURE GIVES TIMELY WARNINGS THAT NO MAYSVILLE CITIZEN CAN AFFORD TO IGNORE

DANGER SIGNAL No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL No. 2 comes from the back. Back pains, dull and heavy or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills help sick kidneys. Here is proof in the statement of a nearby resident:

James Hofer, Sr., East Second street, Augusta, Ky., says: "My back was weak and lame for many years, and while I was not in a dangerous condition, I was, nevertheless, anxious to get rid of the annoyance. I was bothered especially at night and was unable to remain in one position for any length of time. When I stooped a sharp twinge caught me across my back and made it almost impossible for me to regain an erect position. At last I procured a box of Doan's Kidney Pills, and had used them but a short time before my back became strong and the pain disappeared. I have never had a return attack of kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Mr. J. P. Nash is suffering from an attack of grip.

An Oklahoma farmer, by crossing his corn with a variety grown for years in the dry section of Mexico, believes he has established a variety that will stand the drouth of his section. He claims a yield of 60 bushels in 1909 and 70 bushels in 1910, both dry years. The ordinary yield in his section is about 40 bushels per acre. His corn is planted in June and matures in eighty days.

CUT IN TWAIN

James Renaker, Another Saturday Night C. and O. Victim

The C. and O. roadway is proving to be a dangerous pathway for night pedestrians, especially when loaded up with bug juice. James Renaker, colored, is another to be added to the long list of victims, three having met an untimely end almost consecutively each Saturday night during the past four weeks.

Sunday morning as Oscar Morton was passing along the C. and O. track, and when about midway between Broadway and Carmel streets, he discovered the body of a colored man cut in twain at the hips lying along the South side track.

Coroner Slack was notified and he had the remains removed to Coughlin & Co.'s Undertaking rooms, where an inquest will be held today.

Renaker belonged to a gang of workmen employed by James Ireland of this city, on work now in progress on the line of the C. and O. some miles above Maysville. He came to town Saturday afternoon on No. 7, and registered at the Bradford Hotel as Jim Renaker, Lexington. During the night he became boisterous and was put out of the Hotel by the proprietor and Night Clerk at 12:20 o'clock. That was the last seen of him alive. He had \$3.80 on his person when searched by the Coroner. It is said his home is in Cynthiana, Ky., where he has a wife and family.

ADAMS COUNTY PROBE

Will Again Be Taken Up By Grand Jury at West Union March 8th

Judge Blair resumed Court at West Union but the Grand Jury adjourned until March 8th. This date was selected in anticipation of the Supreme Court's deciding the Grooms disfranchisement test case by that time. A few indicted and disfranchised voters, who have a regard for promises made to the Court, are still sending in fines, but the majority are holding back pending the test case decision.

Petitions have been circulated generally through the county and quite a sum of money subscribed to wage a fight against disfranchisement.

20% UNDERFEED INVESTMENT

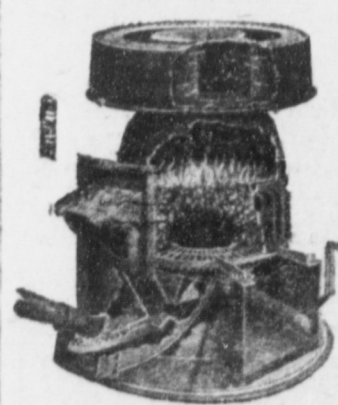

Most heating systems are an actual drag on the domestic treasury. If you want to enjoy actual every-winter dividends, tear out your old gluttonous coal-eater, with its uneven heat and hard-to-satisfy appetite for fuel. Put in a

PECK-WILLIAMSON UNDERFEED FURNACE OR BOILER

Choose the system you like best—warm air, steam or hot water. Cheapest slack in the Underfeed yields as much clean, even heat as most expensive grades; which ordinary heating plants require. All the fire is on top and has to eat down into the fresh coal against the draft. Combustion is slow and perfect, and smoke, soot and gases are entirely eliminated. This enables Underfeed furnace and boiler users to

SAVE 1/2 TO 3/4 OF COAL BILLS.

This saving represents a 20% dividend on the investment for this modern system of heating. Figure it out. It won't take long to get your money back. The Underfeed adds to the selling or renting value of any building.

Write today for free booklets on Underfeed Warm Air, Steam and Hot Water Heating Systems. Our representative will be glad to call any time and make you a detailed proposition.
